Award-winning truck and van contract hire services at Hexagon Leasing.

Industry experts have recognised Hexagon as one of the UK's leading commercial vehicle leasing companies.

"Hexagon are very customer and industry focused. Our judges praised the flexibility of the company's contract hire and leasing schemes – especially the open-book policy regarding their IT systems." — Commercial Fleet Judges

Hexagon Leasing

Hexagon Leasing is one of the UK's leading commercial vehicle solutions providers. Whether it's rental, contract hire, fleet management or vehicle sales, we are able to deliver a tailored solution that represents true value for money.

What makes Hexagon different?

By continually investing in our fleet, we give you access to a range of modern, reliable and fuel efficient vehicles.

Being independent of manufacturers allows us to fully tailor our solutions to meet your requirements.

Our contracts can be managed flexibly to meet the changing needs of your business.

Working closely with independent finance brokers means we are able to offer bespoke payment options to all customers, even those with a poor credit history.

We manage vehicles through their life cycle while providing the highest levels of in-service support to our clients.

Contract Hire

Competitively-priced packages designed around your specific requirements. MOT, 24/7 roadside assistance, maintenance and fleet management services included.

Fleet Management

Hexagon's 24/7 fleet management service allows you to concentrate on your core business, saving you time and money. Benefit from UK-wide coverage through in-house workshops, mobile technicians and a network of approved third party providers.

Vehicle Rental

Daily, weekly, monthly and annual rental available on a wide range of modern vehicles. Fully inclusive of maintenance, roadside assistance and tyres.

Vehicle Sales

A wide range of well-maintained ex-lease vehicles available to purchase at competitive prices with finance options to suit all circumstances.

HexFlex

HexFlex offers the same comprehensive fleet of Hexagon vehicles, but in a completely flexible rental package, centred on your specific needs.

Select our flex-hire option for the flexibility to chop and change your fleet whenever you like, or go with a fix-hire contract that allows you to lease vehicles on a long term basis and benefit from low monthly payments.

Vehicle Sales

- A wide range of well-maintained ex-lease vehicles available to purchase at competitive prices.
- Finance options to suit all circumstances.
- Sale and Rentback option to improve your cash flow.

TRUX4ALL

Buy in Confidence

Trux 4 All offers a low-cost alternative to new commercial vehicles for businesses and individuals throughout the United Kingdom.

At Trux4All we give you access to a comprehensive catalogue of quality used trucks and vans from leading manufacturers such as DAF, IVECO, FIAT, Mercedes-Benz, Renault and Volkswagen.

The second-hand vans and trucks we have in stock come in all shapes and sizes, from small courier vans to tractor units. There are vehicles to suit every budget, and as an online sales business, we're able to pass substantial savings on to customers that purchase directly from us.

We believe that purchasing a used commercial vehicle should be a stress-free experience – straightforward finance and warranty options are available and all of our vehicles come with 12 months' M.O.T as standard.

What makes Trux4All different?

- Our unique relationship with commercial vehicle leasing specialists allows us to stock an extensive range of quality trucks and vans to suit all budgets.
- The former lease vehicles we acquire are both well-maintained and generously equipped, so you can be confident that you're purchasing one of the best pre-owned commercial vehicles in the UK.
- We understand that each customer is unique, that's why we work hard to tailor a solution to meet your specific requirements.
- Hassle-free purchases – finance can be arranged easily the very same day and comprehensive warranty packages are available to cover future maintenance costs.
- Working closely with independent finance brokers means we are able to offer bespoke payment options to all customers, even those with a poor credit history.
